

## 25 CHILDREN PERISH WHEN FIRE DESTROYS MASS. SCHOOL HOUSE

**Holocaust Occurs Early This Morning When Panic Follows Explosion and Fire in Three-Story Brick Building Where 600 Little Boys and Girls Are at Study — Many Charred Bodies Removed—Distracted Parents Mob Police.**

By Associated Press.

Peabody, Mass., October 28.—It was thought 25 children had been killed or fatally injured as a result of the fire here today in St. John's school.

Twenty are known to be dead and scores were injured. Other bodies are believed to be in the ruins.

The fire swept through the building from the basement into the third story in less than five minutes.

Nineteen children were burned or crushed to death trying the escape, and another child died in the hospital.

Peabody, Mass., October 28.—Fire swept through the three story brick building occupied by the St. John's parochial school today, burning or driving to death, in the panic that followed the alarm, probably 20 of the 600 boys and girls who a few minutes before had assembled for their daily lessons.

Two hours later 20 bodies had been removed from the vestibule, where the jam of terrified little ones had resulted in the greatest loss of life.

The police estimated the dead as high as fifty.

Many others were injured in their flight down the stairways and a few

jumped from the windows of the third floor.

The students, ranging in age from 7 to 13, were in charge of 16 sisters.

When the fire broke out the sisters marshalled their charges as for fire drill and started them from the building.

The processions were orderly until those from the third floor joined others pouring from the class rooms on the second floor.

Suddenly there was a cry of fire from someone of the throng. It was taken up by a hundred others and a panic ensued.

The sisters made frantic efforts to stop the pushing, struggling mass but to no purpose.

The smaller children fell under the feet of those behind them and soon the vestibule was so jammed with living and dead that the firemen could not force an entrance. The 16 sisters escaped.

The flames, it is supposed, started in the basement and according to some were caused by the explosion of a steam boiler.

Many of the children were of foreign parentage, a large number being of Irish and Italian descent.

The first alarm brought a hundred distracted mothers to the school yard

where they were soon joined by many others until the building was surrounded by a great crowd of hysterical men and women, who rushed the police in a wild effort to reach their children.

Flames shooting from the windows held back the unhappy crowd.

The school had no fire escapes on the outside of the building.

Local firemen were unable to control the blaze, and assistance was asked of nearby cities.

The mother superior dropped 25 of the children from a window on the second floor and they were caught in overcoats and blankets.

Among deeds of heroism was that of Maurice Harris, aged 10, who carried his one-legged chum, Thomas G'Shea, aged 8, on his back down the smoke-choked stairway to safety.

At noon only two bodies had been identified.

## CABINET RESIGNS

By Associated Press.

Paris, October 28.—The Viviani ministry resigned today. Aristide Briand has been asked to form a new cabinet.

It is understood that Premier Viviani will retire from his present position in favor of Aristide Briand, former premier, and that M. Viviani will be minister of justice in the reorganized cabinet.

Information now available indicates that M. Briand will become foreign minister as well as premier, with Jules Cambon, who was ambassador to Germany at the outbreak of the war, as his principal secretary.

It is probable that General Gallieni, military governor of Paris, will be minister of war.

Since the resignation of Del Casse, it has been understood there would be further changes in the cabinet, but reports have not indicated that such a sweeping reorganization, involving the withdrawal of M. Viviani from the premiership, was to be made.

## GOVERNMENT FILES APPEAL

By Associated Press.

Trenton, N. J., October 28.—The government's petition for an appeal to the United States Supreme Court in the Sherman anti-trust suit against the United States Steel Corporation was filed here today in the federal court.

The appeal is taken as a matter of right and insures a hearing of the case by the highest federal court.

Accompanying the formal petition for appeal, the government filed a bill of exceptions to

the decision of the district court, giving twenty-three distinct counts in which that court is said to have erred.

It is upon these so-called errors of the district court that the government will rest its case in the supreme court.

## DISSOLUTION OF RAILWAY COMBINE IS THE DECREE

By Associated Press.

Philadelphia, October 28.—The United States District Court today decreed that the ownership of the Lehigh & Wilkesbarre Coal Company by the Central Railroad Company of New Jersey is a combination in restraint of trade and that the Central Company must dispose of its interest in that concern in ninety days unless an appeal is taken to the Supreme Court.

The decree filed today is on the decision of the court last June in the government's anti-trust suit against the Reading Company, Jersey Central and others.

The court at that time suggested that the Lehigh & Wilkesbarre Company be divorced from the Jersey Central.

## WHAT IS THIS!

By Associated Press.

Washington, October 28.—Ambassador Gerard's recent conference with Emperor William is causing much speculation in official quarters here.

Secretary Lansing stated today that the ambassador had not been directed to visit the Emperor and that no report of the conference had been received.

The possibility that Emperor William might have taken advantage of the opportunity to express to Ambassador Gerard Germany's views of peace was generally talked of here, particularly as consequence of published reports that Germany intended soon to make known the basis on which she would make peace.

## SOLONS REACHED BY R. R. LOBBYIST

By Associated Press.

New York, October 28.—Testimony disclosing that the late General Charles R. Bratton, the "blind boss of Rhode Island," was employed by the New York, New Haven & Hartford Railroad to block the passage of bills in the Rhode Island legislature authorizing the construction of trolley line which would complete with the New Haven, caused a sensation at the trial of the eleven former directors of the New Haven today.

## RUSS BOMBARDING COAST CITIES OF THE BULGARS

**Austro-German and Bulgarian Forces Sweeping Through Northern Serbia, While Franco-Serbian Forces Drive Back the Bulgars in South—Bulgars Within 30 Miles of Nish.**

By Associated Press.

Berlin, wireless to Sayville, L. I., October 28.—The Austro-German invasion of Serbia has pushed further to the south.

Army headquarters announce today that further ground has been gained and that the army of General Gallwitz had taken 2,033 prisoners since October 23.

The Bulgarians have captured Zajevar and Knjaevats, the latter about 30 miles from Nish, having crossed the Timok over a large front.

These places are on the railroad from Negotin to Nish, against which the Bulgarians are now marching.

London, October 28.—Bulgarian forces aiming toward Nish have occupied the strongly fortified city of Piro, 35 miles east of Nish, says a dispatch.

Rome, via London, October 28.—A Bucharest dispatch to the Stefani News Agency, filed yesterday, says

that the Russians have begun an attack on the Black Sea coast of Bulgaria.

"A Russian fleet arrived at four o'clock this morning off the Bulgarian coast," the correspondent writes, "and immediately began a bombardment of Varna."

"Shelling was still proceeding at 11 o'clock. Considerable damage has been done to the town."

London, October 28.—An unconfirmed report has been received from Athens that the Serbians have retaken Uskup.

An advance for the French is claimed in the Strumitsa region, where they are said to have occupied a village.

The reported capture of Velea from the Bulgarians seems confirmed by an Athens statement.

It is said the Franco-Serbian troops, after retaking Velea, are marching eastward upon Istip, overcoming Bulgarian resistance in this region.

## MURDER IS SCENTED IN PITTSBURG

By Associated Press.

Pittsburg, October 28.—The headless body of Miss Sophia McAllin, daughter of the late William C. McAllin, former mayor of Pittsburg, was found late last night on the Pennsylvania railroad tracks at Roup, a passenger station within the city limits.

The body was so badly crushed that identification was impossible until this morning, when her absence from the office of E. S. Morrow, city comptroller, whose secretary she was, started an inquiry, and her identity was established by a diamond pin bearing her name.

She left the office yesterday afternoon, but the circumstances leading to her death are unknown, although almost 50 passenger trains stop at the station during the afternoon and night.

## ACTING UPON OWN AUTHORITY

By Associated Press.

New York, October 28.—Federal authorities in charge of the case of the five men accused of conspiracy to disable steamships carrying munitions of war from this country to the allies, asserted today that the government was without evidence that Robert Fay, the confessed leader of the alleged plot, was acting on any authority other than his own.

## PREPARING FOR THE HEARING

Columbus, O., October 28.—The Supreme Court had before it today the question of whether it should issue a writ of prohibition to prevent the state liquor licensing board from hearing charges against 14 members of county license boards, preferred by Charles A. Reid, of Washington C. H., and J. H. Seerest of Columbus, Governor Willis' special investigators. The county officials are charged with misusing their official authority by participating in the movement to secure a referendum on the McDermott license law.

The contention of Former Attorney General T. S. Hogan, counsel for the county members, is that insufficient charges have been made to justify the state board in proceeding with the hearing. Attorney General Turner opposed this attitude and upheld the right of the state board to hear the charges.

Albert W. White, the eldest son of Albert and Sarah White, was born at Picketon, Pike county, Ohio, Dec. 12, 1841, and departed this life at Washington C. H., Ohio, October 6, 1915, aged 73 years, 9 months and 24 days.

While yet a small child his parents moved to Bainbridge, Ohio, where he grew to young manhood and resided until the breaking out of the civil war, and in April, 1861 when the first call came for volunteers, he was one among the first to respond to his country's call, and enlisted in the 13th Ohio Company E, and served faithfully until the close of the war in 1865.

He has resided in Washington C. H., Ohio for the last 46 years. By occupation he was a shoemaker.

For the past 14 months he has been confined to his bed, and has been a great sufferer.

He leaves only one brother, Henry F. White, and family and a large number of relatives. So like in 1861 he has answered the roll call and has enlisted with the great company that have preceded him to the great beyond. He was a member of John M. ## A Public Statement

The Washington Gas and Electric Company publishes in this paper this evening, a statement of facts addressed to the people of this city.

The new contract for lighting the city, which carries with it the establishing of rates at which private consumers, throughout the city, will be furnished electricity for illuminating and power purposes, is of course one of the matters with which the public is now most vitally concerned.

Every citizen of Washington should read understandingly the statement made by the local company. There is a vast amount of important information set forth which will be of great benefit to the people who are striving for a proper solution of a public problem.

The statement of the company is full, frank and unequivocal. Important facts are squarely set forth without any reservations.

This is the first time the company has gone before the public with a complete statement and in making it at this time the directors of the company have shown sound judgment, have given proof of their good faith and exhibited a desire to take the people into their confidence which must result in great assistance to the people in their efforts to arrive at a clear and honest understanding of the facts.

The most startling general statements of fact are these: "The Engineer employed by the city, claims prices under the proposed new contract are as low or lower on street lighting than prevail in any city in Ohio, irrespective of population."

"No city in Ohio, of the same population as Washington C. H., served under like conditions, gets as low prices for electricity as would Washington under the proposed new contract."

There are few people in Washington who have realized that this city was obtaining a rate as low or lower on street lighting than any other municipality in Ohio, irrespective of population.

The fact that cities much larger, where the volume of business is many times greater than it is here, are paying a higher rate for electricity (and that's the statement attributed to the expert) will be a surprise to the majority of our citizens.

The ability to make this low rate, the directors point out, is made possible only by combining the gas and hot water plants with the electric plant.

There is a mass of information to be gathered from the statement of facts presented by the company, but a lengthy discussion in detail is not, at this time, helpful.

The statement is made to the public and the public should read it with the fixed intention of arriving at an honest and fair conclusion.

All prejudice against public utilities companies in general should be put aside and the local situation dealt with as the naked facts warrant.

What Washington wants is the best service obtainable at the least cost consistent with a guarantee to fulfill the obligation when once entered into.

The local company has come forward with important facts unobtainable heretofore from any other authoritative source.

The people of Washington want to do the best thing for themselves in view of all the facts taking into consideration all the surrounding circumstances.

## Support the Good Roads Levy

Among the several "special" elections to be held November 2—next Tuesday—the issue involved in which is of particular interest to Fayette county voters and which they must decide is the one which provides for a special tax levy of two mills annually for the purpose of securing money to repair and keep in repair the roads of the county.

Fayette county roads are in wretched condition—there is no denial of that fact and our business men are beginning to realize the need of doing something to put them in better condition.

The county commissioners have decided upon a plan for distributing the proceeds of the levy which seems entirely equitable and justifies the belief that the money will be expended promptly and wisely and good results follow rapidly.

Under the plan each township is to receive for paying the cost of improving roads within its borders the same proportion of the proceeds realized as the entire duplicate of that township bears to the total duplicate of the county. In other words, to spend in the township all the money raised.

Something must be done to improve the roads leading to Washington or the business and prestige of the city will suffer. The state aid plan is too slow and no plan has yet been suggested which promises to bring the desired results better than the additional two mill levy proposal.

Our public officials and our business men, most vitally interested, favor it and viewed from all angles it should receive support.

In addition to the benefit to the merchants of Washington it means dollars and cents to every rural resident to be able to get to Washington markets and stores.

The proposed two mill good roads levy should receive the support of the voters.

## Poetry For Today

### ON THINKING GLAD.

Never mind a change of scene—  
Try a change of thinking.  
What if things seem sordid, mean,  
What's the use of blinking?  
Life's not always storm and cloud,  
Somewhere stars are shining.  
Try to think your joys out loud,  
Silence all repining.

By degrees, by thinking light,  
Thinking glad and sweetly,  
You'll escape the stress of night,  
Worry gone completely.  
Get the habit looking for  
Sunbeams prouetting,  
Tapping gaily at your door—  
Surest cure for fretting.

Needn't fool yourself at all.  
For there's no denying  
E'en above a prison wall  
Song birds are a-flying.  
Wherefore hearken to the song.  
Never mind the prison,  
And you'll find your soul ere long  
Unto freedom risen.

—Tid-Bits.

## WHISKY RING IS INDICTED

New York, Oct. 28.—Whisky selling frauds, aggregating \$500,000 at a conservative estimate, are described in indictments against Felix Prince, a brother of Judge Leo Prince; his uncle, Adolf Prince; Leonard Prince, another member of the family, and seven other defendants. The indictments accuse the defendants of violating the postal laws by using the mails to defraud liquor dealers all over the country. The defendants are connected with the Overbrook and Seminole Distilling companies. These concerns, according to postal inspectors, did no distilling and so very little distributing that, it is charged, many a liquor dealer has been waiting four years or more for the choice special brand of whisky which he ordered from the company and paid for.

## BIG SUM REQUIRED

## GENERAL TARIFF REVISION UNLIKELY

## President Wilson Opposed to the Proposition.

Washington, Oct. 28.—According to department heads the government will have to have for the current expenses of the next fiscal year \$50,000,000 more than will be provided by the war and income taxes and the tariff act, even if the sugar duties are retained, as is now planned by the administration.

It became known that government officials, after a careful investigation as to the total yield to be expected from the revenue producing acts now in force, are convinced that next year's income will fall approximately \$50,000,000 short of the needs of the government for its normal expenses and have so reported to members of the ways and means committee of the house. Interest in this disclosure was increased by information that a proposal which the administration is understood to have considered to levy a special revenue duty on wool will meet with opposition among Democratic leaders of the house.

Something of a surprise was created in administration circles when it was disclosed that at least one prominent Democratic tariff leader in the house believes the party should sanction a slight, general revision upward rather than to make any special levy on wool. This leader believes that the government should provide for its normal needs either by such a revision upward or else by the issuance of Panama canal bonds.

The impression prevails here that the president will frown upon any proposal for a general revision and that the entire strength of the administration will be exerted toward the adoption of other means, however drastic, for meeting the financial needs of the government.

## HERE'S NEW V-GOR FOR OVERWORKED STOMACHS

Brown's Drug Store, the popular druggists, have been in the drug business long enough to have their own opinions of the best way of selling medicines. They say the plan adopted by Mi-o-na, the great dyspepsia remedy, is the fairest they have ever heard of. They don't believe that a medicine ought to be paid for unless it does the user some good. And Mi-o-na is sold under a positive guarantee to relieve dyspepsia or to refund the money. You simply leave 50 cents on deposit with Brown's Drug Store and if, after you have used the box of Mi-o-na you decide that it has done you no good, all you have to do is to tell them so and they will return your money.

Hundreds of people have been relieved of stomach agonies by using this remarkable remedy. It is not simply a food digester; it is a medicine that puts all of the digestive organs into normal condition and gives ruddy, glowing, vigorous health. A change for the better will be seen after the first few doses of Mi-o-na, and its continued use will soon give the power to eat anything at any time and not suffer distress afterward. Use Mi-o-na and see how much more there is in life. advt.

# PROPOSED LEVY DISCUSSED TODAY

Thirty-five Members of the Dutch Treat Club Take Deep Interest in Proposal Which Confronts Voters at Coming Election Club Unanimously Favors Good Roads.

Good Roads formed the chief topic for discussion at the noonday session of the Dutch Treat Club, Thursday, quite a number of the 35 members present entering into the discussion in a manner showing considerable thought on the proposal. A vote was taken on the proposal and all favored good roads, two members objecting to the two-mill levy proposed for reasons other than because they were not in favor of good roads.

After a few short speeches, Chairman Worthington stated that the Union Station hearing would be resumed tomorrow, and that he had been working to obtain a compromise on the proposition, and thought the compromise had been brought about by proposing to grant a 50 foot improvement down Water street when one of the men objecting asked for 10 feet additional.

The question of the two-mill levy for Good Roads then came up. Mr. Worthington stated that he believed the best county in Ohio should have roads equal to the best and in keeping with the county. He spoke of the small amount levied in recent years for road improvement, and the fact that for next year only .69 of one mill had been apportioned for road improvement throughout the county.

Dr. Howell, who had not voted for the proposed levy, stated that he favored good roads but the two-mill levy proposed for the city in addition to the road levy, was needed more than the road levy, he said one or other of the proposals, to succeed, must kill the other.

Henry Brownell said that because of bad roads Washington is beginning to lose trade, and that prompt action must be taken to remedy the threatened serious loss of trade. "When a man's roof leaks he has it repaired, even though he does not have the money in his pocket with which to do it," Mr. Brownell said.

Chas. Allen opposed the levy, he stated, because proper methods were not used in expending the money. He pointed to the Devalon road, mentioned the cost and the upkeep expenses, and said that there was too much "efficiency" shown in handling the road.

Mr. Brownell said that it was up to men like those present to see that the money is judiciously applied like it is in other counties. Greene county was cited as a sample of how proper methods bring about good roads. Mr. Robert Williams, of that county, was mentioned as the man who had brought about the fine roads in that county.

One member urged the necessity

of using the road rollers and crew to work upon the roads whenever the roads can be worked.

Mr. Allen, speaking again, said politics were to blame for inefficient methods which had been used in dealing with the roads in this county. Mr. Allen complimented the present Board of Commissioners for the manner in which they are taking up the good roads proposal.

M. E. Hitchcock urged upon the men the necessity of doing all they could for the cause of prohibition.

## HALLOWE'EN CARNIVAL ARTISTIC SUCCESS

The M. H. G. Hallowe'en social at the Presbyterian church, Wednesday night, was a perfect success socially and financially and in point of artistic decoration one of the prettiest entertainments of the kind ever put on locally.

The big basement dining room was transformed into a wonderful Hallowe'en carnival, with beautiful booths of vines and fodder having drapings of yellow and black and lighted with pumpkin lanterns.

Captivating witches, with high peaked yellow and black caps presided over the booths, some of which held all kinds of Hallowe'en eatables, others merry crowds bobbing for apples, or trying their luck at the fish pond or prize drawing; enjoying the "House of Mirth."

The excellent coffee at the coffee booth was donated by Chase & Sanborn, through the courtesy of the Parrett grocery.

After the early evening had been merrily spent in the carnival, the crowd adjourned upstairs, and were delightfully entertained for another hour by Prof. Morgan, of the Ohio University, in readings and beautiful music furnished by the Sunday school orchestra.

Prof. Morgan is especially fine in dialect readings and was encored repeatedly.

The Sunday school orchestra is composed of Misses Mazie Kessler and Kathleen Davis, Messrs Ernest Harvey, Elmer Zimmerman, Everett Corey, Chas. Elliott, Wyman, Wm. Walker.

## AUDIENCE APPRECIATES CONCERT PROGRAM

A cultured audience assembled in Grace M. E. church Wednesday evening for the concert given under the auspices of the Woman's Home Missionary Society.

Special interest centered in the singer, Mrs. Walter A. Draper, formerly Miss Bess McCrea, of this city and her many friends were much pleased and gratified over the opportunity of hearing her.

Introducing a beautiful program varied and well selected, Mrs. Draper sang "Open the Gates,"—Knapp, and "Oh, Lord Correct me,"—Handel.

These were her heaviest numbers and her best work. The Greg number, "Autumnale Gale," was specially brilliant and one of her last group, "By the Fire,"—Salter, proved a favorite.

Mrs. Draper's voice is a soprano of considerable power, with pleasing mezzo qualities and evinces careful training. She was repeatedly encored and after the program given quite an ovation by friends who crowded around her.

Mrs. Antoniette Humphreys Smith an excellent accompanist, added a number of artistically rendered piano solos to the program. Her last group was especially pleasing.

Miss Helen McCoy, the reader of the evening, is too well known to need introduction and the recalls given her after each reading testified to the pleasure and enthusiasm of the audience. Miss McCoy's monologue "Homesick," was admirably given, the humor and the pathos of the South Carolina mammy pining

### In Social Circles

Mrs. S. F. DeWees and Mrs. W. S. Bush planned and carried out very successfully a family dinner as a surprise in honor of the seventy-sixth birthday of their father, Mr. J. E. Todhunter, of S. Fayette street. Mrs. Todhunter was as much taken by surprise as her husband and both enjoyed to the fullest extent the elegant dinner and the assembling of their children and their families. Of the four children, Mrs. DeWees, Mrs. Bush, Mr. G. L. Todhunter of Greenfield, and Mr. E. F. Todhunter of Glenwood, Colo., the oldest son, the latter was the only one not present. A big bunch of white chrysanthemums decked the table.

The Monday Bridge club will not meet until Monday, the 8th, owing to the D. A. R. Meeting on November the first.

None among many social gatherings of the First Baptist church this season has been more enjoyed than the "Fellowship Picnic Supper," given by the Men's class at the I. O. O. F. Hall, Wednesday evening at half past six o'clock.

A hundred and twenty-five men and women of the church attended and it was the unanimous verdict that no more sumptuous picnic supper was ever spread. Twenty-five platters of fried chicken were flanked by all kinds of delicacies.

After the merry supper hour Mr. James Kneisley and Miss Mable Briggs furnished a beautiful program of violin and piano music, and games and a general good time wound up the evening. The class committee in charge was composed of Messrs Albert Snider, R. J. McLean, George A. Robinson, Frank Miller and Wm. Vincent.

Miss Grace Gooley and Miss Josephine Lieb of New Holland pleasantly entertained the C. S. D. Embroidery club, Tuesday night at the home of the former.

Yellow and white chrysanthemums and greenery were artistically used in decoration and the same colors carried out in the delicious refreshments served. Halloween favors were presented.

The afternoon's enjoyment was stimulated by a drawing contest, in which Miss Pearl Drums won the prize.

The guests included Mesdames Nile Walston, C. C. Thomas, Misses Edith and Annie Lee Bennett, Elizabeth and Lena May, Pearl Dunn, Ethel Asher, Lillie and Jane Briggs, Alice Dones, Mazie Christy, Ibez Dick.

Mr. A. L. Brakefield has moved his family from the Staunton neighborhood to the residence he owns on the corner of Circle avenue and High street.

Mrs. R. R. Kibler and daughter Maxine are visiting in Greenfield.

### PERSONAL PARAGRAPHS

Mrs. Laman Steinhart, daughter Miss Blanche, of Piqua, Mrs. Abe Bergman of Chillicothe, are the guests of Mrs. H. H. Whelpley and other friends for a couple of days.

Mr. and Mrs. J. W. Rothrock were the guests of Mr. and Mrs. J. M. McClure in Bloomingburg, Thursday.

Mr. Frank A. White, Jr., who now holds the position of auditor with the Union National Bank, of Cleveland, was a business visitor in this city, his former home, Thursday.

Mr. Herman Morris of Bloomingburg, has taken the agency for the Interstate Vaccine Co., of Kansas City, Mo., and has moved to this city, having headquarters at the Arlington Hotel.

Mrs. R. Roadifer of Chicago, is the guest of her cousin, Mrs. Jos. N. Wilson.

Mrs. Biggerstaff and daughter, of Dunkirk, Ind., are the guests of Mrs. W. T. Holmes.

Dr. G. S. Hodson, president of the Miami Valley Society, one of the oldest medical societies of the state, spent Thursday in Dayton to attend the fall meeting. Messrs Erk Edwards, Lawrence Bradley and C. Ortman made the auto trip with him.

Mr. Joseph Browning has been so seriously ill that he has been taken from his home on Columbus avenue, to the residence of Mrs. Jesse Dailey, so that he may be under Mrs. Dailey's nursing.

Mr. Elmer Junk spent Wednesday in Cincinnati to attend the Tri-State Hardware convention.

Mr. and Mrs. Jesse Persinger, Miss Fannie Persinger and Mr. Ewing Fitchhorn left Wednesday evening for Indianapolis, Ind., to drive back the new "Stutz" five passenger car purchased by Mr. Persinger.

Mr. and Mrs. Elden Irvin were called to Jamestown today to attend the funeral of their cousin, Mr. Daniel Laine.

Mrs. N. A. McVey and Mrs. N. J. McVey of Leesburg, visited several hours in this city Thursday morning while on their way to Columbus.

Mr. Chas. F. Bonham went to Cincinnati Thursday morning to attend the Tri-State Hardware Convention and visit his son, Attorney Frank Bonham.

# TEUTONS RELIEVE BULGARS

Teutonic Forces Open Road  
Through Servia.

## WAY CLEAR TO AEGEAN SEA

Exploit Means Much to the Turks and Bulgars, Who Will Receive Guns and Ammunition From Germany. Activity Continues On the Eastern, Western and Southern Battle Fronts.

London, Oct. 28.—The Teutonic forces which crossed the Danube at Orsova have joined hands with the Bulgarians, who invaded Servia near Prahovo, and the central powers now have an open road through northeastern Servia and Bulgaria to the Aegean sea and Constantinople.

The Germans are thus in a position to send guns and munitions by river and railway to their Bulgarian and Turkish allies, who will be greatly strengthened thereby.

The invasion of the northern portions of Servia by the Austro-Germans continues apace, while Bulgaria is putting forth a strong effort to secure control of additional sections of the Belgrade-Salonica railway.

So far as the north is concerned, Servia, it is feared by her allies, is doomed, but in the south, reinforced by the British and French, who are now fighting by her side, Servia is using all her strength to throw the Bulgarians back. After the French victory at Krivolak, the Serbians, according to an Athens report, were able to reoccupy Velea, an important railway and road junction just south of Uskup, where a big battle is still in progress.

If the Bulgarians can be held in the south until Anglo-French reinforcements, which are now on the way, arrive, Bulgaria may yet be robbed of Macedonia, on which she has set her heart. But the allies will also have to make an attempt to block the German road to Turkey, and their big attack may be directed elsewhere.

Counting on the possibility that they will have to pursue the southern Serbian army into Greek territory, the Turkish and Bulgarian governments are reported to be exerting pressure on Greece to consent to such action should it become necessary. Simultaneously the diplomatic representatives of both countries are continuing to voice their objections to Greece's permitting the presence of allied troops on Greek territory.

The Germans have made still another counter attack in the attempt to recapture La Courtille, in Champagne, which the French recently took from them. Strong German patrols, heralding an attack, were also observed in the Loos region, but were dispersed.

The Germans continue their attacks against the Russians in the Riga and Dvinsk districts, and claim to have penetrated the Russian positions near the railway line north of Dvinsk. They could not hold all the ground gained, as the Russians launched immediate counter attacks. While the position in this region remains serious for the Russians, they appear, on the whole, to be holding their own.

In the south, on the other hand, along the Sty river and Galician frontier, the Russians report successes, both in carrying through their own attacks and repulsing German attacks.

The Italians are persisting in their offensive, and, although their progress is slow, they seemingly are making advances.

## WOULD BAR CATHOLICS

FLARE-UP WILL NOT  
CAUSE A RUPTURE

Episcopalians Name Delegates  
to Panama Conference.

New York, Oct. 28.—The dissensions that have developed in the Episcopal board of missions over the question as to whether or not the board should send delegates to the Panama congress for Christian work which will meet in February with the doors barred to Roman Catholics and Russian Catholics is admittedly a cause for grave concern to Protestant leaders in this city.

Despite the position taken by the Rev. Dr. William T. Manning of Trinity parish, Bishop R. H. Weller of Fond du Lac, Bishop G. Mott Williams of Marquette, Bishop Harding of Washington and the Rev. Seldon P. Delaney of Milwaukee, in resigning from the board of missions because of the Catholic question, there was staunch denial within the Episcopal church itself that anything like a division is imminent.

At present the low church party, so called, led by Bishop David H. Greer and others, maintains the upper hand and insists on carrying through the program to send delegates to the Panama convention. The delegates to Panama have been selected and bound by definite instructions as to their course of action. The delegates are: Bishop Lloyd, president of the board, and Bishop Brown of Virginia; the Episcopal bishops resident in Latin-America, Aves of Mexico and Hulise of Cuba, Colonel Moore of Porto Rico and Kinsolving of southern Brazil. To these authority was given to name other delegates sufficient in number to make up the complement of delegates to which the Episcopal church is entitled. The delegates were instructed that the Pan-

ama congress is to be on the lines of the Edinburgh conference of May, 1911, which all approved; that it is not to legislate; that it shall recognize all elements of truth and goodness, and that all followers of Jesus Christ are invited to attend.

Columbus, Oct. 28.—First efforts of coal dealers and consumers to collect overcharges from the Hocking Valley Railway company as a result of the supreme court's action in sustaining the public utilities commission's order of reducing freight rates on coal from the Nelsonville district in 1911, was made when T. E. McElfresh of Delaware filed a complaint with the utilities commission asking that he be allowed judgment against the railroad company for \$264.31. After the commission's order reducing the rates, in 1911, McElfresh, as well as all other coal dealers who obtained their supply over the Hocking Valley, were charged at the old rates, until a few months ago, when the supreme court upheld the commission's order. Now these coal dealers and others are asking for a refund of the overcharge, the difference between the old rates and the new rates.

## TROOPS LEAVE FOR DOUGLASS

Americans on Border Will Be Protected.

MEXICANS ABOUT TO FIGHT

Passage of Carranza Troops Across United States Territory to the Garrison at Agua Prieta to Be Expedited—Villa's Soldiers to Be Seized If They Cross the Line—Developments in Mexican Situation.

Washington, Oct. 28.—In view of the threatening conditions at Douglas, Ariz., and Agua Prieta, Mexico, which towns straddle the international boundary, the passage of Carranza troops across the United States territory to the garrison at Agua Prieta is to be expedited. Border officials have been instructed to lend their cooperation to the troop movement by which Carranza is preparing to defend the border town against an expected attack by Villa. If the attack

takes place the residents of Douglas will be endangered, as any firing done by the attacking party against the Carranza positions is certain to result in shots falling into the American town. The war department has already authorized General Funston to send as many troops as he thinks necessary to Douglas for the protection of the inhabitants.

Two regiments of United States infantry, the Seventh and the Twentieth, received order to entrain at El Paso at once for Douglas, Ariz., for border duty in protecting Americans in the event of a battle in Agua Prieta between the Villa and Carranza forces. The Villa attacking force, if it is as large as reports have it, will be more than a match for the Carranza garrison if the Villa ammunition holds out. However, the Carranza troops have the advantage of being fortified with trenches and barbed wire. There is considerable speculation over the outcome in case Calles, the Carranza general, should be defeated.

Should Villa troops cross the border and attack Agua Prieta from the Texas side, as reports from the scene have indicated they might do, they would be treated as outlaws, disarmed and, in the event of resistance, shot down by United States troops.

## SENDS PROTEST TO THE BRITISH

Wilson Entrusts Special Messenger With Note.

DUE IN LONDON NEXT WEEK

President Protests Against Interference With American Commerce Between the United States and Europe—Utmost Secrecy Maintained as to the Contents of the Note, Which is of Some Length.

Washington, Oct. 28.—President Wilson has dispatched to London by special messenger the protest of the United States against British interference with commerce between the United States and Europe.

The note will be presented by Ambassador Page at the British foreign office next week.

While the utmost secrecy has been maintained, it became known that the note, which is about 10,000 words long and covers exhaustively the argument of the American government on all phases of interference with neutral trade, was approved by the president last Saturday and started on its way to London Sunday. Alexander W. Kirk, third secretary of the American embassy at Berlin, who had returned to Washington carrying documents from Ambassador Gerard, was entrusted with the mission on his return journey to Berlin.

That the note contains a repetition of arguments made in the note on March 30, which recorded the Washington government's first protest against the order in council or so called blockade, is admitted, but no intimation was given by officials as to what measures are proposed in the event that there is no modification of British practices.

Not only does this latest communication cover the various notes and

memoranda sent by the British government since March 30, but it also acknowledges and discusses the lengthy notes that came from Great Britain in January in response to the first protests by the United States against interference with neutral trade.

It was the note now on its way which former Secretary Bryan advocated sending at the same time that the second Lusitania note was dispatched to Berlin last June. President Wilson declined to send it at that time because of the fear that the United States might be placed in the position of bargaining for its rights with Germany on the basis of its attitude toward Great Britain. With the clearing up of the submarine controversy through the satisfactory settlement of the Arabic case, it was announced at the state department that the note to Great Britain would go forward. After three weeks of consideration at the White House it finally was dispatched.

As prepared originally at the state department, the document was understood to be vigorous in tone and replete with objections to Great Britain's policy. No intimation as to whether the document since has been modified is available.

## POLAR MEAT FOR GERMANS WHO WILL EAT

Berlin (Via London), Oct. 28.—The Lokal Anzeiger is advocating the use of "polar meat" to relieve the scarcity of meat in Germany during the war and afterward. The newspaper quotes Nansen's "Farthest North," in which the explorer tells how he enjoyed the "oyster-like deliciousness of blubber and whale meat." A popular restaurant is now billing blubber, boiled or baked, and it is suggested that if whale pleases the public, seal meat will be added. The German papers state that the provisioning of Belgium has been temporarily guaranteed for a year between the governor general and the ministers of the United States and Spain and Holland and the British government. It is asserted that England, after long negotiations, agreed to hinder in no way the supplying of the Belgian civil population with food by sea until the harvest of 1916. The German governor undertaking in return to hand over the entire 1915 Belgian grain crop to the Belgians.

**Was Kissed by Comedian.**  
Cleveland, Oct. 28.—Fifteen thousand dollars for a public kiss, received under protest, is the sum Mrs. Evelyn Glenn asked in a suit filed against operators of the Empire theater. Mrs. Glenn alleges that while attending a performance Sept. 25, George Stone, comedian, entered the box where she sat, hugged and kissed her while a spot light was thrown on them and the audience applauded.

## RUSTY RIVET SUNK THE F-4

Washington, Oct. 28.—The destruction of the submarine F-4 in Honolulu harbor last March, with the loss of all on board, was primarily due to the corrosion of a rivet in one of her ballast tanks, according to the report of the naval board which investigated the disaster.

## NOW YOUR CORNS MUST GO

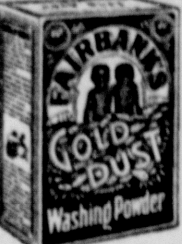

Dr. Hunt Discovers Method that Kills Corns by Penetration. ONLY 10c.

That old corn, that stubborn corn, that soft corn, that sore corn, the corn that will come back, you can now get rid of it once and for all, for Dr. Hunt of Sidney, Ohio, has discovered the scientific principle that makes corns go easily and painlessly. Dr. Hunt's New Corn Cure does its work by penetration. That is Nature's own way. Goes to the very root of the corn. Corn lifts out, root, body and branch in two days. No paring. No dangerous caustic ingredients. No liquids to dry out. No bulky pads or greasy salves. Dr. Hunt's New Corn Cure comes in ready-to-apply plaster form. Trim plaster exact size of corn and apply. More than two applications are seldom necessary for the most stubborn case. Your corn eases up at once. The soothing penetrating ingredient works without discomfort. In two days you have no corn. This is a doctor's discovery. The result of life-time study.

And a box-full costs you only ten cents. Guaranteed or money refunded. Sold by all druggists and shoe dealers. Or, send ten cents in stamps to American Chemical Company, Sidney, Ohio.

PARFUMERIE ED. PINAUD, Department M. ED. PINAUD BUILDING NEW YORK

The Independent Candidate for Mayor of this city, launched upon a "Golden Rule Platform." My candidacy will carry the Olive Branch of Peace; Good Will to Mankind, and to my opponents in the field, I shall use my best efforts to extend to them every courtesy at my command.

Should I be elected, I shall pledge myself to the Citizens of Washington C. H., Ohio, that there will be a full enforcement of the law, as appears on the Statute, without fear or favor. But in every way possible to avoid bringing oppression upon the helpless, and thus saving the innocent from wrong.

As to my attitude on the Temperance Question, has been clearly defined, and shall pledge my support in every way possible to keep our city and county in the dry column, believing it to be the main avenue leading up to mental, moral and social improvement.

I shall remain in the field until the close of the Ballot Box on November 2nd, 1915, and should I be duly elected, in order that I may not err in judgment, it will be my purpose in due time, to call together twelve or more representative citizens in Convention, regardless of party affiliation, who favor law and order, to serve in an advisory capacity for recommending for the consideration of such suitable persons as in their judgment, to act as Chief of the Police Department. By so doing it will give to the city and voters a square deal.

If my platform appeals to you for a boost for Washington C. H., Ohio, you can signify the same by voting for me on Election Day.

I remain, yours truly,  
H. C. SHOOP.

## TO THE PUBLIC

In order that the public be fully advised as to all the facts relative to the proposed lighting contract the Washington Gas and Electric Company begs leave to submit the following statement:

The number of street lights now in use is 130.

The number of street lights under proposed new contract is 685, of which number 212—250 candle power lights are for "White Way" or ornamental lighting.

The City contract, now on moon-light schedule, based on 3000 hours of lighting, costs the city \$7,800.00.

The proposed new contract provides for all night and every night street lighting, based on 4000 hours of lighting, at a cost of \$8,400.00, outside of "White Way."

Under the proposed new contract, out side of the "White Way" it will require 30 per cent more current than under the old contract.

Leaving out the "White Way" you are paying 8 per cent more money and getting 30 per cent more current.

The "White Way" costs \$4,240.00 additional.

Taking in the "White Way" it will require 80 per cent more current than the present lighting system and will cost 62 per cent more money.

The Cost of installing new system under proposed new contract:—

"White Way," Estimated.....\$9,500.00  
Out side districts, extra street lights..... 5,600.00  
Machinery and power house equipment ..... \$6,000.00 to \$8,000.00

The Engineer employed by the city in making comparisons as to rates between Washington and other cities, has cited cities five to ten times larger than Washington.

It is volume of business that enables a company to give cheap service.

The Engineer employed by the city, claims prices under proposed new contract are as low or lower on street lights than prevail in any city in Ohio, irrespective of population.

No city in Ohio, of the same population as Washington C. H., served under like conditions, gets as low prices for electricity as would Washington under the proposed new contract.

The combination of Gas, Electricity and Hot Water, under one management, economically administered, under the same overhead charges, is the only condition that enables us to accept the rates stipulated in the new contract.

Any one of these departments, Electricity, Gas or Hot Water, would not pay if operated alone at prices proposed for electricity and prices prevailing for gas and hot water. These are facts and can be verified.

The Washington Gas & Electric Company has not at any time encouraged or opposed the "White Way."

The Company is the servant of the public and stands ready to carry out in good faith, any plan of lighting which the people, acting through the proper channels demand.

## HALLOWE'EN REVELERS WERE BUSY LAST NIGHT

Hallowe'en revelers were busy in some parts of the city, Wednesday night, with the result that a number of porch chairs were carried off and other mischief committed which is very annoying to those who were visited by the revelers.

Coroner C. A. Teeters lost a large Delaware porch chair and two chairs were carried off the veranda of Service Director Gerstner, and dumped in the gutter some distance away. The police are looking for the mischief makers.

# 25 CHILDREN PERISH WHEN FIRE DESTROYS MASS. SCHOOL HOUSE

**Holocaust Occurs Early This Morning When Panic Follows Explosion and Fire in Three-Story Brick Building Where 600 Little Boys and Girls Are at Study—Many Charred Bodies Removed—Distracted Parents Mob Police.**

By Associated Press.

Peabody, Mass., October 28.—It was thought 25 children had been killed or fatally injured as a result of the fire here today in St. John's school.

Twenty are known to be dead and scores were injured. Other bodies are believed to be in the ruins. The fire swept through the building from the basement into the third story in less than five minutes.

Nineteen children were burned or crushed to death trying the escape, and another child died in the hospital.

Peabody, Mass., October 28.—Fire swept through the three story brick building occupied by the St. John's parochial school today, burning or driving to death, in the panic that followed the alarm, probably 20 of the 600 boys and girls who a few minutes before had assembled for their daily lessons.

Two hours later 20 bodies had been removed from the vestibule, where the jam of terrified little ones had resulted in the greatest loss of life.

The police estimated the dead as high as fifty.

Many others were injured in their flight down the stairways and a few

jumped from the windows of the third floor.

The students, ranging in age from 7 to 13, were in charge of 16 sisters.

When the fire broke out the sisters marshalled their charges as for fire drill and started them from the building.

The processions were orderly until those from the third floor joined others pouring from the class rooms on the second floor.

Suddenly there was a cry of fire from someone of the throng. It was taken up by a hundred others and a panic ensued.

The sisters made frantic efforts to stop the pushing, struggling mass but to no purpose.

The smaller children fell under the feet of those behind them and soon the vestibule was so jammed with living and dead that the firemen could not force an entrance. The 16 sisters escaped.

The flames, it is supposed, started in the basement and according to some were caused by the explosion of a steam boiler.

Many of the children were of foreign parentage, a large number being of Irish and Italian descent.

The first alarm brought a hundred distracted mothers to the school yard

where they were soon joined by many others until the building was surrounded by a great crowd of hysterical men and women, who rushed the police in a wild effort to reach their children.

Flames shooting from the windows held back the unhappy crowd.

The school had no fire escapes on the outside of the building.

Local firemen were unable to control the blaze, and assistance was asked of nearby cities.

The mother superior dropped 25 of the children from a window on the second floor and they were caught in overcoats and blankets.

Among deeds of heroism was that of Maurice Harris, aged 10, who carried his one-legged chum, Thomas G'Shea, aged 8, on his back down the smoke-choked stairway to safety.

At noon only two bodies had been identified.

## CABINET RESIGNS

By Associated Press.

Paris, October 28.—The Viviani ministry resigned today. Aristide Briand has been asked to form a new cabinet.

It is understood that Premier Viviani will retire from his present position in favor of Aristide Briand, former premier, and that M. Viviani will be minister of justice in the reorganized cabinet.

Information now available indicates that M. Briand will become foreign minister as well as premier, with Jules Cambon, who was ambassador to Germany at the outbreak of the war, as his principal secretary.

It is probable that General Gallieni, military governor of Paris, will be minister of war.

Since the resignation of Del Casse, it has been understood there would be further changes in the cabinet, but reports have not indicated that such a sweeping reorganization, involving the withdrawal of M. Viviani from the premiership, was to be made.

## GOVERNMENT FILES APPEAL

By Associated Press.

Trenton, N. J., October 28.—The government's petition for an appeal to the United States Supreme Court in the Sherman anti-trust suit against the United States Steel Corporation was filed here today in the federal court.

The appeal is taken as a matter of right and insures a hearing of the case by the highest federal court.

Accompanying the formal petition for appeal, the government filed a bill of exceptions to

the decision of the district court, giving twenty-three distinct counts in which that court is said to have erred.

It is upon these so-called errors of the district court that the government will rest its case in the supreme court.

## DISSOLUTION OF RAILWAY COMBINE IS THE DECREE

By Associated Press.

Philadelphia, October 28.—The United States District Court today decreed that the ownership of the Lehigh & Wilkesbarre Coal Company by the Central Railroad Company of New Jersey is a combination in restraint of trade and that the Central Company must dispose of its interest in that concern in ninety days unless an appeal is taken to the Supreme Court.

The decree filed today is on the decision of the court last June in the government's anti-trust suit against the Reading Company, Jersey Central and others.

The court at that time suggested that the Lehigh & Wilkesbarre Company be divorced from the Jersey Central.

## WHAT IS THIS!

By Associated Press.

Washington, October 28.—Ambassador Gerard's recent conference with Emperor William is causing much speculation in official quarters here.

Secretary Lansing stated today that the ambassador had not been directed to visit the Emperor and that no report of the conference had been received.

The possibility that Emperor William might have taken advantage of the opportunity to express to Ambassador Gerard Germany's views of peace was generally talked of here, particularly as consequence of published reports that Germany intended soon to make known the basis on which she would make peace.

## SOLONS REACHED BY R. R. LOBBYIST

By Associated Press.

New York, October 28.—Testimony disclosing that the late General Charles R. Bratton, the "blind boss of Rhode Island," was employed by the New York, New Haven & Hartford Railroad to block the passage of bills in the Rhode Island legislature authorizing the construction of trolley line which would complete with the New Haven, caused a sensation at the trial of the eleven former directors of the New Haven today.

# RUSS BOMBARDING COAST CITIES OF THE BULGARS

**Austro-German and Bulgarian Forces Sweeping Through Northern Serbia, While Franco-Serbian Forces Drive Back the Bulgars in South—Bulgars Within 30 Miles of Nish.**

By Associated Press.

Berlin, wireless to Sayville, L. I., October 28.—The Austro-German invasion of Serbia has pushed further to the south.

Army headquarters announce today that further ground has been gained and that the army of General Gallwitz had taken 2,033 prisoners since October 23.

The Bulgarians have captured Zajevar and Knjaevats, the latter about 30 miles from Nish, having crossed the Timek over a large front.

These places are on the railroad from Negotin to Nish, against which the Bulgarians are now marching.

London, October 28.—Bulgarian forces aiming toward Nish have occupied the strongly fortified city of Pirot, 35 miles east of Nish, says a dispatch.

Rome, via London, October 28.—A Bucharest dispatch to the Stefani News Agency, filed yesterday, says

that the Russians have begun an attack on the Black Sea coast of Bulgaria.

"A Russian fleet arrived at four o'clock this morning off the Bulgarian coast," the correspondent writes, "and immediately began a bombardment of Varna."

"Shelling was still proceeding at 11 o'clock. Considerable damage has been done to the town."

London, October 28.—An unconfirmed report has been received from Athens that the Serbians have retaken Uskup.

An advance for the French is claimed in the Strumitsa region, where they are said to have occupied a village.

The reported capture of Vele from the Bulgarians seems confirmed by an Athens statement.

It is said the Franco-Serbian troops, after retaking Vele, are marching eastward upon Istip, overcoming Bulgarian resistance in this region.

## MURDER IS SCENTED IN PITTSBURG

By Associated Press.

Pittsburg, October 28.—The headless body of Miss Sophia McAllin, daughter of the late William C. McAllin, former mayor of Pittsburg, was found late last night on the Pennsylvania railroad tracks at Roup, a passenger station within the city limits.

The body was so badly crushed that identification was impossible until this morning, when her absence from the office of E. S. Morrow, city comptroller, whose secretary she was, started an inquiry, and her identity was established by a diamond pin bearing her name.

She left the office yesterday afternoon, but the circumstances leading to her death are unknown, although almost 50 passenger trains stop at the station during the afternoon and night.

By Associated Press.

New York, October 28.—Federal authorities in charge of the case of the five men accused of conspiracy to disable steamships carrying munitions of war from this country to the allies, asserted today that the government was without evidence that Robert Pay, the confessed leader of the alleged plot, was acting on any authority other than his own.

## PREPARING FOR THE HEARING

Columbus, O., October 28.—The Supreme Court had before it today the question of whether it should issue a writ of prohibition to prevent the state liquor licensing board from hearing charges against 14 members of county license boards, preferred by Charles A. Reid, of Washington C. H., and J. H. Seerest of Columbus, Governor Willis' special investigators. The county officials are charged with misusing their official authority by participating in the movement to secure a referendum on the McDermott license law.

The contention of Former Attorney General T. S. Hogan, counsel for the county members, is that insufficient charges have been made to justify the state board in proceeding with the hearing. Attorney General Turner opposed this attitude and upheld the right of the state board to hear the charges.

While yet a small child his parents moved to Bainbridge, Ohio, where he grew to young manhood and resided until the breaking out of the civil war, and in April, 1861 when the first call came for volunteers, he was one among the first to respond to his country's call, and enlisted in the 13th Ohio Company E, and served faithfully until the close of the war in 1865.

He has resided in Washington C. H., Ohio for the last 46 years. By occupation he was a shoemaker.

For the past 14 months he has been confined to his bed, and has been a great sufferer.

He leaves only one brother, Henry F. White, and family and a large number of relatives. So like in 1861 he has answered the roll call and has enlisted with the great company that have preceded him to the great beyond. He was a member of John M. ## A Public Statement

The Washington Gas and Electric Company publishes in this paper this evening, a statement of facts addressed to the people of this city.

The new contract for lighting the city, which carries with it the establishing of rates at which private consumers, throughout the city, will be furnished electricity for illuminating and power purposes, is of course one of the matters with which the public is now most vitally concerned.

Every citizen of Washington should read understandingly the statement made by the local company. There is a vast amount of important information set forth which will be of great benefit to the people who are striving for a proper solution of a public problem.

The statement of the company is full, frank and unequivocal. Important facts are squarely set forth without any reservations.

This is the first time the company has gone before the public with a complete statement and in making it at this time the directors of the company have shown sound judgment, have given proof of their good faith and exhibited a desire to take the people into their confidence which must result in great assistance to the people in their efforts to arrive at a clear and honest understanding of the facts.

The most startling general statements of fact are these: "The Engineer employed by the city, claims prices under the proposed new contract are as low or lower on street lighting than prevail in any city in Ohio, irrespective of population."

"No city in Ohio, of the same population as Washington C. H., served under like conditions, gets as low prices for electricity as would Washington under the proposed new contract."

There are few people in Washington who have realized that this city was obtaining a rate as low or lower on street lighting than any other municipality in Ohio, irrespective of population.

The fact that cities much larger, where the volume of business is many times greater than it is here, are paying a higher rate for electricity (and that's the statement attributed to the expert) will be a surprise to the majority of our citizens.

The ability to make this low rate, the directors point out, is made possible only by combining the gas and hot water plants with the electric plant.

There is a mass of information to be gathered from the statement of facts presented by the company, but a lengthy discussion in detail is not, at this time, helpful.

The statement is made to the public and the public should read it with the fixed intention of arriving at an honest and fair conclusion.

All prejudice against public utilities companies in general should be put aside and the local situation dealt with as the naked facts warrant.

What Washington wants is the best service obtainable at the least cost consistent with a guarantee to fulfill the obligation when once entered into.

The local company has come forward with important facts unobtainable heretofore from any other authoritative source.

The people of Washington want to do the best thing for themselves in view of all the facts taking into consideration all the surrounding circumstances.

## Support the Good Roads Levy

Among the several "special" elections to be held November 2—next Tuesday—the issue involved in which is of particular interest to Fayette county voters and which they must decide is the one which provides for a special tax levy of two mills annually for the purpose of securing money to repair and keep in repair the roads of the county.

Fayette county roads are in wretched condition—there is no denial of that fact and our business men are beginning to realize the need of doing something to put them in better condition.

The county commissioners have decided upon a plan for distributing the proceeds of the levy which seems entirely equitable and justifies the belief that the money will be expended promptly and wisely and good results follow rapidly.

Under the plan each township is to receive for paying the cost of improving roads within its borders the same proportion of the proceeds realized as the entire duplicate of that township bears to the total duplicate of the county. In other words, to spend in the township all the money raised.

Something must be done to improve the roads leading to Washington or the business and prestige of the city will suffer. The state aid plan is too slow and no plan has yet been suggested which promises to bring the desired results better than the additional two mill levy proposal.

Our public officials and our business men, most vitally interested, favor it and viewed from all angles it should receive support.

In addition to the benefit to the merchants of Washington it means dollars and cents to every rural resident to be able to get to Washington markets and stores.

The proposed two mill good roads levy should receive the support of the voters.

## Poetry For Today

### ON THINKING GLAD.

Never mind a change of scene—  
Try a change of thinking.  
What if things seem sordid, mean,  
What's the use of blinking?  
Life's not always storm and cloud,  
Somewhere stars are shining.  
Try to think your joys out loud,  
Silence all repining.

By degrees, by thinking light,  
Thinking glad and sweetly,  
You'll escape the stress of night,  
Worry gone completely.  
Get the habit looking for  
Sunbeams prouetting,  
Tapping gaily at your door—  
Surest cure for fretting.

Needn't fool yourself at all.  
For there's no denying  
E'en above a prison wall  
Song birds are a-flying.  
Wherefore hearken to the song.  
Never mind the prison,  
And you'll find your soul ere long  
Unto freedom risen.

## WHISKY RING IS INDICTED

New York, Oct. 28.—Whisky selling frauds, aggregating \$500,000 at a conservative estimate, are described in indictments against Felix Prince, a brother of Judge Leo Prince; his uncle, Adolf Prince; Leonard Prince, another member of the family, and seven other defendants. The indictments accuse the defendants of violating the postal laws by using the mails to defraud liquor dealers all over the country. The defendants are connected with the Overbrook and Seminole Distilling companies. These concerns, according to postal inspectors, did no distilling and so very little distributing that, it is charged, many a liquor dealer has been waiting four years or more for the choice special brand of whisky which he ordered from the company and paid for.

## BIG SUM REQUIRED

### GENERAL TARIFF REVISION UNLIKELY

### President Wilson Opposed to the Proposition.

Washington, Oct. 28.—According to department heads the government will have to have for the current expenses of the next fiscal year \$50,000,000 more than will be provided by the war and income taxes and the tariff act, even if the sugar duties are retained, as is now planned by the administration.

It became known that government officials, after a careful investigation as to the total yield to be expected from the revenue producing acts now in force, are convinced that next year's income will fall approximately \$50,000,000 short of the needs of the government for its normal expenses and have so reported to members of the ways and means committee of the house. Interest in this disclosure was increased by information that a proposal which the administration is understood to have considered to levy a special revenue duty on wool will meet with opposition among Democratic leaders of the house.

Something of a surprise was created in administration circles when it was disclosed that at least one prominent Democratic tariff leader in the house believes the party should sanction a slight, general revision upward rather than to make any special levy on wool. This leader believes that the government should provide for its normal needs either by such a revision upward or else by the issuance of Panama canal bonds.

The impression prevails here that the president will frown upon any proposal for a general revision and that the entire strength of the administration will be exerted toward the adoption of other means, however drastic, for meeting the financial needs of the government.

## HERE'S NEW VIGOR FOR OVERWORKED STOMACHS

Brown's Drug Store, the popular druggists, have been in the drug business long enough to have their own opinions of the best way of selling medicines. They say the plan adopted by Mi-o-na, the great dyspepsia remedy, is the fairest they have ever heard of. They don't believe that a medicine ought to be paid for unless it does the user some good. And Mi-o-na is sold under a positive guarantee to relieve dyspepsia or to refund the money. You simply leave 50 cents on deposit with Brown's Drug Store and if, after you have used the box of Mi-o-na you decide that it has done you no good, all you have to do is to tell them so and they will return your money.

Hundreds of people have been relieved of stomach agonies by using this remarkable remedy. It is not simply a food digester; it is a medicine that puts all of the digestive organs into normal condition and gives ruddy, glowing, vigorous health. A change for the better will be seen after the first few doses of Mi-o-na, and its continued use will soon give the power to eat anything at any time and not suffer distress afterward. Use Mi-o-na and see how much more there is in life. advt.

## A Butter and Egg Account

A short time ago an enterprising woman made \$100 from selling butter and eggs. Instead of keeping it in the household store she put it in bank. She had added to it and the sum has mounted up. You can open an account here. You can bring it or mail it. May we help you save money?

In the race for getting Dollars the importance of banking them is frequently lost sight of.

## PROPOSED LEVY DISCUSSED TODAY

Thirty-five Members of the Dutch Treat Club Take Deep Interest in Proposal Which Confronts Voters at Coming Election Club Unanimously Favors Good Roads.

Good Roads formed the chief topic for discussion at the noonday session of the Dutch Treat Club, Thursday, quite a number of the 35 members present entering into the discussion in a manner showing considerable thought on the proposal. A vote was taken on the proposal and all favored good roads, two members objecting to the two-mill levy proposed for reasons other than because they were not in favor of good roads.

After a few short speeches, Chairman Worthington stated that the Union Station hearing would be resumed tomorrow, and that he had been working to obtain a compromise on the proposition, and thought the compromise had been brought about by proposing to grant a 50 foot improvement down Water street when one of the men objecting asked for 10 feet additional.

The question of the two-mill levy for Good Roads then came up. Mr. Worthington stated that he believed the best county in Ohio should have roads equal to the best and in keeping with the county. He spoke of the small amount levied in recent years for road improvement, and the fact that for next year only .69 of one mill had been apportioned for road improvement throughout the county.

Dr. Howell, who had not voted for the proposed levy, stated that he favored good roads but the two-mill levy proposed for the city in addition to the road levy, was needed more than the road levy; he said one or other of the proposals, to succeed, must kill the other.

Henry Brownell said that because of bad roads Washington is beginning to lose trade, and that prompt action must be taken to remedy the threatened serious loss of trade. "When a man's roof leaks he has it repaired, even though he does not have the money in his pocket with which to do it," Mr. Brownell said.

Chas. Allen opposed the levy, he stated, because proper methods were not used in expending the money. He pointed to the Devalon road, mentioned the cost and the upkeep expenses, and said that there was too much "inefficiency" shown in handling the road.

Mr. Brownell said that it was up to men like those present to see that the money is judiciously applied like it is in other counties. Greene county was cited as a sample of how proper methods bring about good roads. Mr. Robert Williams, of that county, was mentioned as the man who had brought about the fine roads in that county.

One member urged the necessity

of using the road rollers and crew to work upon the roads whenever the roads can be worked.

Mr. Allen, speaking again, said politics were to blame for inefficient methods which had been used in dealing with the roads in this county. Mr. Allen complimented the present Board of Commissioners for the manner in which they are taking up the good roads proposal.

M. E. Hitchcock urged upon the men the necessity of doing all they could for the cause of prohibition.

## HALLOWE'EN CARNIVAL ARTISTIC SUCCESS

The M. H. G. Halloween social at the Presbyterian church, Wednesday night, was a perfect success socially and financially and in point of artistic decoration one of the prettiest entertainments of the kind ever put on locally.

The big basement dining room was transformed into a wonderful Halloween carnival, with beautiful booths of vines and fodder having drapings of yellow and black and lighted with pumpkin lanterns.

Captivating witches, with high peaked yellow and black caps presided over the booths, some of which held all kinds of Halloween eatables, others merry crowds bobbing for apples, or trying their luck at the fish pond or prize drawing; enjoying the "House of Mirth."

The excellent coffee at the coffee booth was donated by Chase & Sanborn, through the courtesy of the Parrett grocery.

After the early evening had been merrily spent in the carnival, the crowd adjourned upstairs, and were delightfully entertained for another hour by Prof. Morgan, of the Ohio University, in readings and beautiful music furnished by the Sunday school orchestra.

Prof. Morgan is especially fine in dialect readings and was encored repeatedly.

The Sunday school orchestra is composed of Misses Mazie Kessler and Kathleen Davis, Messrs Ernest Harvey, Elmer Zimmerman, Everett Corey, Chas. Elliott, Wyman, Wm. Walker.

## AUDIENCE APPRECIATES CONCERT PROGRAM

A cultured audience assembled in Grace M. E. church Wednesday evening for the concert given under the auspices of the Woman's Home Missionary Society.

Special interest centered in the singer, Mrs. Walter A. Draper, formerly Miss Bess McCrea, of this city and her many friends were much pleased and gratified over the opportunity of hearing her.

Introducing a beautiful program varied and well selected, Mrs. Draper sang "Open the Gates,"—Knapp, and "Oh, Lord Correct me,"—Handel.

These were her heaviest numbers and her best work. The Grieg number, "Autumnale Gale," was specially brilliant and one of her last group, "By the Fire,"—Salter, proved a favorite.

Mrs. Draper's voice is a soprano of considerable power, with pleasing mezzo qualities and evinces careful training. She was repeatedly encored and after the program given quite an ovation by friends who crowded around her.

Mrs. Antoniette Humphreys Smith an excellent accompanist, added a number of artistically rendered piano solos to the program. Her last group was especially pleasing.

Miss Helen McCoy, the reader of the evening, is too well known to need introduction and she recalls given her after each reading testified to the pleasure and enthusiasm of the audience. Miss McCoy's monologue "Homesick," was admirably given, the humor and the pathos of the South Carolina mammy pining

### In Social Circles

Mrs. S. F. DeWees and Mrs. W. S. Bush planned and carried out very successfully a family dinner as a surprise in honor of the seventy-sixth birthday of their father, Mr. J. E. Todhunter, of S. Fayette street. Mrs. Todhunter was as much taken by surprise as her husband and both enjoyed to the fullest extent the elegant dinner and the assembling of their children and their families. Of the four children, Mrs. DeWees, Mrs. Bush, Mr. G. L. Todhunter of Greenfield, and Mr. E. F. Todhunter of Glenwood, Colo., the oldest son, the latter was the only one not present. A big bunch of white chrysanthemums decked the table.

The Monday Bridge club will not meet until Monday, the 8th, owing to the D. A. R. Meeting on November the first.

None among many social gatherings of the First Baptist church this season has been more enjoyed than the "Fellowship Picnic Supper," given by the Men's class at the I. O. O. F. Hall, Wednesday evening at half past six o'clock.

A hundred and twenty-five men and women of the church attended and it was the unanimous verdict that no more sumptuous picnic supper was ever spread. Twenty-five platters of fried chicken were flanked by all kinds of delicacies.

After the merry supper hour Mr. James Kneisley and Miss Mable Briggs furnished a beautiful program of violin and piano music, and games and a general good time wound up the evening.

The class committee in charge was composed of Messrs Albert Snider, R. J. McLean, George A. Robinson, Frank Miller and Wm. Vincent.

Miss Grace Gooley and Miss Josephine Lieb of New Holland pleasantly entertained the C. S. D. Embroidery club, Tuesday night at the home of the former.

Yellow and white chrysanthemums and greenery were artistically used in decoration and the same colors carried out in the delicious refreshments served. Halloween favors were presented.

The afternoon's enjoyment was stimulated by a drawing contest, in which Miss Pearl Drums won the prize.

The guests included Mesdames Nile Walston, C. C. Thomas, Misses Edith and Annie Lee Bennett, Elizabeth and Lena May, Pearl Dunn, Ethel Asher, Lillie and Jane Briggs, Alice Dones, Mazie Christy, Inez Dick.

Mr. A. L. Brakefield has moved his family from the Staunton neighborhood to the residence he owns on the corner of Circle avenue and High street.

Mrs. R. R. Kibler and daughter Maxine are visiting in Greenfield.

### PERSONAL PARAGRAPHS

Mrs. Laman Steinhart, daughter Miss Blanche, of Piqua, Mrs. Abe Bergman of Chillicothe, are the guests of Mrs. H. H. Whelpley and other friends for a couple of days.

Mr. and Mrs. J. W. Rothrock were the guests of Mr. and Mrs. J. M. McClure in Bloomingburg, Thursday.

Mr. Frank A. White, Jr., who now holds the position of auditor with the Union National Bank, of Cleveland, was a business visitor in this city, his former home, Thursday.

Mr. Herman Morris of Bloomingburg, has taken the agency for the Interstate Vaccine Co., of Kansas City, Mo., and has moved to this city, having headquarters at the Arlington Hotel.

Mrs. R. Roadifer of Chicago, is the guest of her cousin, Mrs. Jos. N. Wilson.

Mrs. Biggerstaff and daughter, of Dunkirk, Ind., are the guests of Mrs. W. T. Holmes.

Dr. G. S. Hodson, president of the Miami Valley Society, one of the oldest medical societies of the state, spent Thursday in Dayton to attend the fall meeting. Messrs Erk Edwards, Lawrence Bradley and C. Ortman made the auto trip with him.

Mr. Joseph Browning has been so seriously ill that he has been taken from his home on Columbus avenue, to the residence of Mrs. Jesse Dailey, so that he may be under Mrs. Dailey's nursing.

Mr. Elmer Junk spent Wednesday in Cincinnati to attend the Tri-State Hardware convention.

Mr. and Mrs. Jesse Persinger, Miss Fannie Persinger and Mr. Ewing Fitchthorn left Wednesday evening for Indianapolis, Ind., to drive back the new "Stutz" five passenger car purchased by Mr. Persinger.

Mr. and Mrs. Elden Irvin were called to Jamestown today to attend the funeral of their cousin, Mr. Daniel Laine.

Mrs. N. A. McVey and Mrs. N. J. McVey of Leesburg, visited several hours in this city Thursday morning while on their way to Columbus.

Mr. Chas. F. Bonham went to Cincinnati Thursday morning to attend the Tri-State Hardware Convention and visit his son, Attorney Frank Bonham.

Teutonic Forces Open Road  
Through Servia.

## WAY CLEAR TO AEGEAN SEA

Exploit Means Much to the Turks and Bulgars, Who Will Receive Guns and Ammunition From Germany. Activity Continues On the Eastern, Western and Southern Battle Fronts.

London, Oct. 28.—The Teutonic forces which crossed the Danube at Orsova have joined hands with the Bulgarians, who invaded Servia near Prahovo, and the central powers now have an open road through northeastern Serbia and Bulgaria to the Aegean sea and Constantinople.

The Germans are thus in a position to send guns and munitions by river and railway to their Bulgarian and Turkish allies, who will be greatly strengthened thereby.

The invasion of the northern portions of Serbia by the Austro-Germans continues apace, while Bulgaria is putting forth a strong effort to secure control of additional sections of the Belgrade-Salonica railway.

So far as the north is concerned, Serbia, it is feared by her allies, is doomed, but in the south, reinforced by the British and French, who are now fighting by her side, Serbia is using all her strength to throw the Bulgarians back. After the French victory at Krivolak, the Serbians, according to an Athens report, were able to recapture Veles, an important railway and road junction just south of Uskup, where a big battle is still in progress.

If the Bulgarians can be held in the south until Anglo-French reinforcements, which are now on the way, arrive, Bulgaria may yet be robbed of Macedonia, on which she has set her heart. But the allies will also have to make an attempt to block the German road to Turkey, and their big attack may be directed elsewhere.

Counting on the possibility that they will have to pursue the southern Serbian army into Greek territory, the Turkish and Bulgarian governments are reported to be exerting pressure on Greece to consent to such action should it become necessary. Simultaneously the diplomatic representatives of both countries are continuing to voice their objections to Greece's permitting the presence of allied troops on Greek territory.

The Germans have made still another counter attack in the attempt to recapture La Courtille, in Champagne, which the French recently took from them. Strong German patrols, heralding an attack, were also observed in the Loos region, but were dispersed.

The Germans continue their attacks against the Russians in the Riga and Dvinsk districts, and claim to have penetrated the Russian positions near the railway line north of Dvinsk. They could not hold all the ground gained, as the Russians launched immediate counter attacks. While the position in this region remains serious for the Russians, they appear, on the whole, to be holding their own.

In the south, on the other hand, along the Sty river and Galician frontier, the Russians report successes, both in carrying through their own attacks and repulsing German attacks.

The Italians are persisting in their offensive, and, although their progress is slow, they seemingly are making advances.

## SCHMIDT CASE UP TO COURT

Albany, N. Y., Oct. 28.—The fate of Hans Schmidt, who was convicted of the murder of Anna Ammiller, now rests with the court of appeals. The final plea for his salvation from the electric chair was made before the highest court in the state by Al house G. Koebbe, who was recently assigned to represent Schmidt by the court of appeals. Hope for interference with the judgment of conviction by Governor Whitman in the event of affirmation by the highest court is entertained by no one.

## WOULD BAR CATHOLICS

FLARE-UP WILL NOT  
CAUSE A RUPTURE

Episcopalians Name Delegates  
to Panama Conference.

New York, Oct. 28.—The dissensions that have developed in the Episcopal board of missions over the question as to whether or not the board should send delegates to the Panama congress for Christian work which will meet in February with the doors barred to Roman Catholics and Russian Catholics is admittedly a cause for grave concern to Protestant leaders in this city.

Despite the position taken by the Rev. Dr. William T. Manning of Trinity parish, Bishop R. H. Weller of Fond du Lac, Bishop G. Mott Williams of Marquette, Bishop Harding of Washington and the Rev. Seldon P. Delaney of Milwaukee, in resigning from the board of missions because of the Catholic question, there was staunch denial within the Episcopal church itself that anything like a division is imminent.

At present the low church party, so called, led by Bishop David H. Greer and others, maintains the upper hand and insists on carrying through the program to send delegates to the Panama convention. The delegates to Panama have been selected and bound by definite instructions as to their course of action. The delegates are: Bishop Lloyd, president of the board, and Bishop Brown of Virginia; the Episcopal bishops resident in Latin-America, Aves of Mexico and Hulse of Cuba, Colonel Moore of Porto Rico and Kinsolving of southern Brazil. To these authority was given to name other delegates sufficient in number to make up the complement of delegates to which the Episcopal church is entitled. The delegates were instructed that the Pan-

ama congress is to be on the lines of the Edinburgh conference of May, 1911, which all approved; that it is not to legislate; that it shall recognize all elements of truth and goodness and that all followers of Jesus Christ are invited to attend.

## COMPLAINT OF COAL DEALER

Columbus, Oct. 28.—First efforts of coal dealers and consumers to collect overcharges from the Hocking Valley Railway company as a result of the supreme court's action in sustaining the public utilities commission's order of reducing freight rates on coal from the Nelsonville district in 1911, was made when T. E. McElfresh of Delaware filed a complaint with the utilities commission asking that he be allowed judgment against the railroad company for \$264.31. After the commission's order reducing the rates, in 1911, McElfresh, as well as all other coal dealers who obtained their supply over the Hocking Valley, were charged at the old rates, until a few months ago, when the supreme court upheld the commission's order. Now these coal dealers and others are asking for a refund of the overcharge, the difference between the old rates and the new rates.

## GREAT WAR AEROPLANE

Washington, Oct. 28.—The construction of a giant war aeroplane for the United States navy will be undertaken at once at the Washington navy

yard. This will be the first aeroplane to be constructed at a navy yard, but it is the plan of the department to build them regularly in this way in the future. The new machine will be similar to the new types of war aeroplane developed in the course of the war in Europe.

## STEAMERS SUNK

## TROOPS LEAVE FOR DOUGLASS

**Americans on Border Will Be Protected.**

**MEXICANS ABOUT TO FIGHT**

Passage of Carranza Troops Across United States Territory to the Garrison at Agua Prieta to Be Expedited—Villa's Soldiers to Be Seized If They Cross the Line—Developments in Mexican Situation.

Washington, Oct. 28.—In view of the threatening conditions at Douglas, Ariz., and Agua Prieta, Mexico, which towns straddle the international boundary, the passage of Carranza troops across the United States territory to the garrison at Agua Prieta is to be expedited. Border officials have been instructed to lend their cooperation to the troop movement by which Carranza is preparing to defend the border town against an expected attack by Villa. If the attack

takes place the residents of Douglas will be endangered, as any firing done by the attacking party against the Carranza positions is certain to result in shots falling into the American town. The war department has already authorized General Funston to send as many troops as he thinks necessary to Douglas for the protection of the inhabitants.

Two regiments of United States infantry, the Seventh and the Twentieth, received order to entrain at El Paso at once for Douglas, Ariz., for border duty in protecting Americans in the event of a battle in Agua Prieta between the Villa and Carranza forces. The Villa attacking force, if it is as large as reports have it, will be more than a match for the Carranza garrison if the Villa ammunition holds out. However, the Carranza troops have the advantage of being fortified with trenches and barbed wire. There is considerable speculation over the outcome in case Calles, the Carranza general, should be defeated.

Should Villa troops cross the border and attack Agua Prieta from the Texas side, as reports from the scene have indicated they might do, they would be treated as outlaws, disarmed and, in the event of resistance, shot down by United States troops.

## SENDS PROTEST TO THE BRITISH

**Wilson Entrusts Special Messenger With Note.**

**DUE IN LONDON NEXT WEEK**

President Protests Against Interference With American Commerce Between the United States and Europe—Utmost Secrecy Maintained as to the Contents of the Note, Which is of Some Length.

Washington, Oct. 28.—President Wilson has dispatched to London by special messenger the protest of the United States against British interference with commerce between the United States and Europe.

The note will be presented by Ambassador Page at the British foreign office next week.

While the utmost secrecy has been maintained, it became known that the note, which is about 10,000 words long and covers exhaustively the argument of the American government on all phases of interference with neutral trade, was approved by the president last Saturday and started on its way to London Sunday. Alexander W. Kirk, third secretary of the American embassy at Berlin, who had returned to Washington carrying documents from Ambassador Gerard, was entrusted with the mission on his return journey to Berlin.

That the note contains a repetition of arguments made in the note on March 30, which recorded the Washington government's first protest against the order in council or so called blockade, is admitted, but no intimation was given by officials as to what measures are proposed in the event that there is no modification of British practices.

Not only does this latest communication cover the various notes and

memoranda sent by the British government since March 30, but it also acknowledges and discusses the lengthy notes that came from Great Britain in January in response to the first protests by the United States against interference with neutral trade.

It was the note now on its way which former Secretary Bryan advocated sending at the same time that the second Lusitania note was dispatched to Berlin last June. President Wilson declined to send it at that time because of the fear that the United States might be placed in the position of bargaining for its rights with Germany on the basis of its attitude toward Great Britain. With the clearing up of the submarine controversy through the satisfactory settlement of the Arabic case, it was announced at the state department that the note to Great Britain would go forward. After three weeks of consideration at the White House it finally was dispatched.

As prepared originally at the state department, the document was understood to be vigorous in tone and replete with objections to Great Britain's policy. No intimation as to whether the document since has been modified is available.

## POLAR MEAT FOR GERMANS WHO WILL EAT

Berlin (Via London), Oct. 28.—The Lokal Anzeiger is advocating the use of "polar meat" to relieve the scarcity of meat in Germany during the war and afterward. The newspaper quotes Nansen's "Farthest North," in which the explorer tells how he enjoyed the "oyster-like deliciousness of blubber and whale meat." A popular restaurant is now billing blubber, boiled or baked, and it is suggested that if whale pleases the public, seal meat will be added. The German papers state that the provisioning of Belgium has been temporarily guaranteed for a year between the governor general and the ministers of the United States and Spain and Holland and the British government. It is asserted that England, after long negotiation, agreed to hinder in no way the supplying of the Belgian civil population with food by sea until the harvest of 1916, the German governor undertaking in return to hand over the entire 1915 Belgian grain crop to the Belgians.

Mrs. Glenn alleges that while attending a performance Sept. 25, George Stone, comedian, entered the box where she sat, hugged and kissed her while a spot light was thrown on them and the audience applauded.

## RUSTY RIVET SUNK THE F-4

Washington, Oct. 28.—The destruction of the submarine F-4 in Honolulu harbor last March, with the loss of all on board, was primarily due to the corrosion of a rivet in one of her ballast tanks, according to the report of the naval board which investigated the disaster.

## NOW YOUR CORNS MUST GO

**Dr. Hunt Discovers Method that Kills Corns by Penetration. ONLY 10c.**

That old corn, that stubborn corn, that soft corn, that sore corn, the corn that will come back, you can now get rid of it once and for all, for Dr. Hunt of Sidney, Ohio, has discovered the scientific principle that makes corns go easily and painlessly.

Dr. Hunt's New Corn Cure does its work by penetration. That is Nature's own way. Goes to the very root of the corn. Corn lifts out, root, body and branch in two days. No paring. No dangerous caustic ingredients. No liquids to dry out. No bulky pads or greasy salves. Dr. Hunt's New Corn Cure comes in ready-to-apply plaster form. Trim plaster exact size of corn and apply. More than two applications are seldom necessary for the most stubborn case. Your corn eases up at once. The soothing penetrating ingredient works without discomfort. In two days you have no corn. This is a doctor's discovery. The result of life-time study.

And a box-full costs you only ten cents. Guaranteed or money refunded. Sold by all druggists and shoe dealers. Or, send ten cents in stamps to American Chemical Company, Sidney, Ohio.

Each box contains 20 plasters, twenty-five cents.

## TO THE PUBLIC

In order that the public be fully advised as to all the facts relative to the proposed lighting contract the Washington Gas and Electric Company begs leave to submit the following statement:

The number of street lights now in use is 130.

The number of street lights under proposed new contract is 685, of which number 212—250 candle power lights are for "White Way" or ornamental lighting.

The City contract, now on moon-light schedule, based on 3000 hours of lighting, costs the city \$7,800.00.

The proposed new contract provides for all night and every night street lighting, based on 4000 hours of lighting, at a cost of \$8,400.00, outside of "White Way."

Under the proposed new contract, out side of the "White Way" it will require 30 per cent more current than under the old contract.

Leaving out the "White Way" you are paying 8 per cent more money and getting 30 per cent more current.

The "White Way" costs \$4,240.00 additional.

Taking in the "White Way" it will require 80 per cent more current than the present lighting system and will cost 62 per cent more money.

The Cost of installing new system under proposed new contract:—

"White Way," Estimated.....\$9,500.00  
Out side districts, extra street lights..... 5,600.00  
Machinery and power house equipment ..... \$6,000.00 to \$8,000.00

The Engineer employed by the city in making comparisons as to rates between Washington and other cities, has cited cities five to ten times larger than Washington.

It is volume of business that enables a company to give cheap service.

The Engineer employed by the city, claims prices under proposed new contract are as low or lower on street lights than prevail in any city in Ohio, irrespective of population.

No city in Ohio, of the same population as Washington C. H., served under like conditions, gets as low prices for electricity as would Washington under the proposed new contract.

The combination of Gas, Electricity and Hot Water, under one management, economically administered, under the same overhead charges, is the only condition that enables us to accept the rates stipulated in the new contract.

Any one of these departments, Electricity, Gas or Hot Water, would not pay if operated alone at prices proposed for electricity and prices prevailing for gas and hot water. These are facts and can be verified.

The Washington Gas & Electric Company has not at any time encouraged or opposed the "White Way."

The Company is the servant of the public and stands ready to carry out in good faith, any plan of lighting which the people, acting through the proper channels demand.
